8/4/04 -Sell, Rent or Lease: Today's Real Estate Web Sites

Past Newsletters highlighted web capabilities such as selling, marketing or tracking that could benefit any business. Now we will focus on one industry, Real Estate, and use recently completed web sites to illustrate how the Web can improve your Image and Services, while making and saving you money.

With our award-winning, custom web sites, Real Estate Firms, Property Management Companies and Apartment Communities as well as individual Realtors both SELL and SAVE via:

Custom web IMAGE and Service that delight customers: Your Website "assistant" provides customers with the information they want 24 hours a day, 7 days a week. Interested? Design quality needs to be viewed to be believed – visit an [online community](#).

Update listings without any effort: Each night, our computers connect to your Multiple Listing Service (MLS) and retrieve all local MLS listings with pictures, maps, dimensions, and more. Interested? [Click here](#) to search over 15,000 homes in the Northern Ohio MLS (NORMLS).

Virtual tours sell while you sleep: Reach more prospects and close more sales without the cost, time, and hassles of traveling. Instead, leverage the "you-are-there" capability of 360-degree photographic and interactive tours. Interested? [Click here](#) for the impact.

For more information on any of our products and services, or to request a proposal, please call us at 800-847-3475, [email us](#), or contact us through this web site.

Until then, we thank you for your continued support,

Everyone at RP Design Web Services
